Carol:

Thanks for the email, and likewise, I look forward to working with you.

Don Hesler is my supervisor and I will be working a lot on the project with Don. I have cc'd him on this email.

If you are interested, maybe we can set up a brief introductory call in the near future? I am trying to get a better understanding on all the technical pieces of the project and also the overall involvement from the various stakeholders.

Thanks again and talk to you soon.

Jason

Good morning Jason. I am Carol Stein, the current EPA project engineer for the Navy/Northrop Grumman Bethpage site. I have worked with Steve Scharf and Henry Wilkie on the project. My understanding is that you are the new DEC project manager for this site. I want to welcome you to the project. I look forward to working with you.
